PRESS RELEASE

REDEN Strengthens Its Executive Committee

The appointments of Julien Calmette and the expansion of Vincent Gaillard's scope strengthen REDEN's Executive Committee.

Roquefort (Agen), France, November 03, 2026 – REDEN has appointed Julien Calmette as Group Development Director and a member of its Executive Committee. Vincent Gaillard's responsibilities have also been expanded as Chief Corporate & Transformation Officer.

Julien Calmette will lead REDEN's development activities across its markets, covering both solar and energy storage. He joins REDEN from LANGA International, where he was Co-Founder and CEO, after previous roles at Total Eren and Société Générale.

Vincent Gaillard now oversees Finance, Information Systems, Digital Transformation, Human Resources, Communication, CSR and QSE.

Frank Demaille, Chief Executive Officer of REDEN, said: *"I am very pleased to welcome Julien, a highly experienced renewable executive, to lead our development activities, while Vincent's broader remit brings our main corporate functions under a single leadership."*

About REDEN:

REDEN is an independent power producer active across the entire solar and energy storage value chain: development, financing, construction, and operations.

The Group operates primarily in France, Spain, Portugal, Italy and Germany, with a clear ambition: to accelerate the deployment of efficient and sustainable energy infrastructure, contributing to the decarbonisation and resilience of energy systems.

Founded in France in 2008, REDEN currently operates 1.1 GW of installed capacity and relies on a team of more than 275 professionals.

REDEN develops a comprehensive portfolio of solutions, including ground-mounted solar plants on degraded land, agrivoltaic projects for livestock and large-scale farming, agrivoltaic greenhouses and pergolas, as well as stand-alone and hybrid battery energy storage systems (BESS).

Since 2022, Macquarie Asset Management (MAM), British Columbia Investment Management Corporation (BCI) and MEAG Munich Ergo AssetManagement GmbH (MEAG) have been supporting the Group's growth.
